PRODUCTION CLUB 2017

Meadow High School presents...

Disney Unravelled!

Disney Unravelled...

*Script Writers Club
2016*

Welcome to Disney Unravelled. This year's production has been written by a team of our students from years 10, 11 and 6th form, and is an original story created using the students most favorite characters.

Dance leaders teaching their own dance routines

Along with the support of Dance Club, Production club pupils have written the script and created their own dance routines.

*Production Club
backstage art crew
2017 making props*

Like last year students have the opportunity to be a part of the backstage art crew working on set design, props and costumes. This has been a great opportunity to work on fine gross motor skills painting, making sculptures and sewing and still be a part of the whole production team.

- SCENE 6
Magic in the air

This original story was written to include some of the famous Disney songs the students had selected to help to shape the narrative. The story is set in Merlin the wizards lab, where he is training his new apprentice Mick. However, Mick accidentally drops a potion onto the magic Disney book, unleashing all the characters around the castle. Mick meets some friends and the smaller characters overhear some scary news that Mr Potato head keeps chasing to tell the others.. Mick has to find them all in time before some sneaky villains complete a plan of their own!
