

Year 11

Pathway 2/3/4

Computing - Term 1

Learning Intention: Subject Area: Electronic - Safety

Project Titles:

- Cyberbullying
- Online Grooming
- Computer Viruses

Most of us are 'connected' via our laptops, mobile phones, tablets or personal computer. Learning how to use the available technology safely is huge. And to not do so, you could be at risk of illegal activity or abuse - be it bullying, fraud or something more serious. Unlike seeing someone face to face, on the internet, people aren't always what they first seem.

Social networking websites and apps, such as Facebook, MySpace, Instagram, Viber, Tumblr, SnapChat, and Twitter have become incredibly popular in recent years.

Most users are genuine, but because it is so easy to hide your real identity, it is possible to come into contact with people you would normally avoid.

Key knowledge that should be learned during this SoW	All (Pathway 2)	Most (Pathway 3)	Some (Pathway 4)
Concept:			
Knowledge:	●	●	●

Key Skills:	•	•	•
Language and/or communication skills:			
Curricular Links	<p>Links to other learning within the subject are:</p> <p>English- Using the internet to effectively research a topic area and record this information in own words.</p> <p>PSHCE- Knowing what to do if something they see online is inappropriate and having the confidence to report this to an adult.</p>
