

Rotation 2

Although we returned to the hotel on 4th January to begin Rotation 2, a government announcement that evening meant that it was necessary to temporarily suspend the programme and work remotely. Throughout the lockdown period our interns attended an online morning lesson each day and were set a related Employability Skills coursework task to complete. They then took part in practical tasks in the afternoon, to minimise skills loss and improve their independent living skills. Each intern was given a careers advice and guidance session to help them consider potential areas of employment and the skills required when working in that sector. Although our interns were kept busy while working from home, they were pleased to be able to return to on-site learning on 8th March. Twice weekly Covid testing has ensured that everybody has remained safe and healthy. As interns have only been able to complete three and a half weeks of their rotation 2 placements, they will continue in their current roles for another three weeks after the Easter break, before moving on to Rotation 3.

Important Dates:

Finish for Easter
Wednesday
31st March

Return to Work
Monday
19th April

Intern of the Month Awards

December - Viren

Department: Human Resources

Department Comment: Viren has good attention to detail and is creative when working on displays. He always follows instructions.

Viren says that he enjoys everything he has to do and gets on well with the team.

January - Elliott

Department: Engineering

Department Comment: Elliott is helpful, friendly and works hard as part of the team.

Elliott has really enjoyed being in Engineering. He is pleased that he gets on with his co-workers and he has learnt new skills.

February - Alex

Department: Kitchen

Department Comment: Alex shows initiative and always looks for the next task.

Alex likes helping around the department and says he has particularly enjoyed getting to know the team.

Rotation 2

Ansa has been working in Terminal M, polishing cutlery and making breakfast and dinner settings. She also restocks cups, plates, glasses etc. in the restaurant. She said that she likes working with the team.

Department Comment: Ansa has been really helpful in the department and her confidence is growing.

Brandon has been working as a House Keeping Porter. He keeps the resources cupboards on the guest floors tidy and organised and helps with the guest towels in the laundry room. He likes moving around the hotel doing lots of different jobs.

Department Comment: Brandon has done a fantastic job in the House Keeping cupboards and in the Laundry.

Rachel has been working in House Keeping as a General Assistant, keeping the lobby, guest floors and touch points around the hotel clean. She says it has been an enjoyable experience.

Department Comment: Rachel is organised, hard working and always keeps busy.

Rotation 2

Alphy will be working in the Staff Canteen when she hopefully returns to work after the Easter holiday. Get well soon!

Car Park Spring Clean

Spring is here and catkins have been falling from the trees surrounding the car park. Our interns were happy to help Nikolay, Head of House Keeping, by sweeping the area and keeping the car park tidy. Good job team!

Easter Break

We have reached the end of a disrupted term, which has required resilience from our interns as they dealt with changes to their routine. They can all be proud that they remained motivated and positive throughout.

We finish for the Easter holiday on Wednesday 31st May and return on Monday 19th April. Have a happy and safe Easter break.
