

Learning from home

A lot of children and young people are now learning from

2020

home again. This also happened last year in 2020.

1     
1. Talk to a trusted adult, like a teacher or parent.

2    **+** 
2. Stay in touch with teachers and friends by joining the

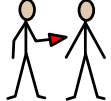

virtual sessions.

3   
3. Do daily exercise.

4    **+** 
4. Listen to trusted sources of information and ask a

    
trusted adult if you are confused by any information.

5    **+** 
5. Follow the advice of hands, face and space.

6    
6. Do not worry about things you cannot control.
